

Audit Implementation

The Compass Group development audit will provide client-specific recommendations—designed to significantly improve fundraising productivity—in each of the following areas:

- Fundraising Potential
- Fundraising Environment
- Fundraising Methods
- Fundraising Infrastructure
- Fundraising Investment

To ensure the effective implementation of these recommendations, The Compass Group provides audit implementation service. This service is predicated on the development of a collaborative partnership with our client. Through this partnership we mutually establish standards of accountability for the successful implementation of the audit recommendations. Achievement of these standards is facilitated by:

- Review and prioritization of audit recommendations.
- The creation of detailed target-date-driven plans for audit recommendation implementation.
- The identification of staff teams to ensure effective and efficient audit recommendation implementation.
- Scheduled on-site visits to:
 - Collaborate on the creation of strategies to facilitate audit recommendation implementation
 - Review resource availability in the context of the audit recommendations to be implemented
 - Evaluate audit recommendation implementation progress
 - Provide mentoring, coaching and training opportunities for staff
 - Assist as appropriate with task achievement
 - Provide discipline and accountability in the context of recommendation implementation
 - Strategic off-site task management and support to ensure positive momentum between on-site visits.
 - Regular documentation of audit implementation.

Our team works side-by-side with your team in every aspect of the audit implementation to ensure success!
